Leiter Mansion Rezoned For Apartment Use

Apartment house zoning has been granted for the Leiter Mansion, on Dupont Circle, in the block bounded by Nineteenth and Q streets and New Hampshire avenue N.W., over the protests of a number of nearby property owners.

Following a public hearing yesterday, the District Zoning Commission announced its approval of this and four other petitions for reclassification for use of properties. Decision was postponed to another executive session Saturday on several proposed amendments to the zoning regulations, one of which would require off-street parking space for any residential building hereafter erected. The draft considered yesterday is being rewritten.

The Leiter home now is occupied by the National Advisory Committee on Aeronautics. Richard H. Wilmer, representing the Leiter estate, declared that he never agreed to such a large place as this to be used as a private residence.

Opposition was voiced by Mrs. Kenna Elkins, representative of the Woman's National Democratic Club and other nearby property owners.
